Practice Policies and Agreement (12/27/2019)

Confidentiality

Patients who are 15 and older have the right to confidentiality under Florida State law.

For those who have requested that records be kept confidential, information can be disclosed without consent in cases in which a patient is deemed to be an acute danger to self or to others, and unable to care for self. Additional causes for disclosure of information without consent include suspected child/elder/vulnerable person abuse and a court order/subpoena.

Your provider may use or disclose health information in order to provide and coordinate your health care.

Please note that if you choose to use your insurance for reimbursement your information will be shared in accordance with the agreement and policies set forth by your insurance company. Insurance companies always require type of service and diagnosis codes.

Appointments

At the end of a visit your physician, or staff member, will provide you with a follow-up appointment within a specific time frame appropriate to your condition upon checking out. If any unforeseen issues arise, please contact our Scheduling Department at 407.462.1254 to be seen sooner.

Cancellation Policy / Late Cancellations/ No Shows and Fees

Appointments that are missed without having notified our office at least 24 hours in advance will be charged at 50 percent of the full fee. Monday appointments must be cancelled by 4 p.m. the preceding Friday. Please note that insurance will not reimburse missed visits. If you show up late to an appointment, extra time will not be added to the end of the sessions. More than three missed appointments or late cancellations may be grounds for termination of treatment

Voicemail/Messages

We will do our best to respond to messages within 48 hours. Calls left late on Friday will most likely be processed on Monday morning.

Emergencies

For life-threatening medical emergencies, psychiatric crisis, or if you are at risk of harming yourself or others, **CALL 911** or go to your nearest emergency room. Additionally **Central Florida Behavioral Hospital** has a 24/7 walk in clinic **321-247-7275 or 407-370-0111** located at 6601 Central Florida Parkway, Orlando, FL 32821. You should instruct the emergency room to notify your treating physician. For the sake of continuity of care we ask that you bring any discharge instructions or medication adjustments to your next appointment.

Additional Behavioral Health services is performed at the following facilities:

-Doctor P Phillips Hospital 407-351- 8500 located at 9401 Turkey lake Rd, Orlando, FL 32819

- South Seminole Hospital 407-767-1200 located at 555 W FL-434, Longwood FL, 32750

- Orlando Regional Medical Center 321-841-5111 located at 52 W. Underwood Street, Orlando FL, 32806

Telephone Calls

We provide face-to-face care but urge patients/family members/significant others to call us regarding medication interactions or any new behaviors that may be causing concern. In most cases, issues that cannot be handled with brief management or recommendations will require an office visit.

Virtual Sessions

We offer virtual sessions using a HIPAA compliant software (doxy.me). We require you notify our receptionist (407-462-1254) at least 15 minutes prior to your appointment that you wish to do a virtual session to ensure your treating physician will be logged into the virtual portal. A credit card or debit card must be left on file prior to your virtual session. Any payment that is owed at the end of session (including co-pay) will be processed via the card you left on file. Make sure to be in a setting with strong wifi connection. Session may be performed via your desktop computer, laptop , tablet or smart phone. Although rare, it is possible to have a connectivity (internet) issue during a virtual session. In the event that there is a connection issue interfering with the session, the remainder of the session will be carried out via telephone.

***Virtual Login Instructions:** open web browser. Type in URL provided to you by our Receptionist (407-462-1254). Enter your first and last name and click “check in.” Click on button allowing your browser to use your webcam and microphone. Wait for your provider to log in and connect. *Save the URL as it will be the same URL for future sessions.

Refills

In general, your physician will provide as many refills as believed to be reasonable given the stability of your condition and frequency of monitoring needed. If your condition requires monitoring, and we have not seen you recently, we may insist on a new appointment. We will typically provide you with enough medication until the next appointment. We do this to provide safe and appropriate care for you.

If you are in need of a remaining refill, please contact your pharmacy. Your pharmacy will contact our office if authorization is required. Your requests will be processed within 1-2 business days after receipt of your pharmacy's requests so please plan accordingly. We reserve the right to decline issuing prescription refills if medications have been lost or stolen, or if you have missed an appointment. **For an urgent immediate refill, you may go to your nearest Emergency room**

Scheduling

In most cases, visits are frequent upon treatment initiation, with the time between appointments lengthening, as stability is achieved. Refills often follow that pattern as well. For safety, our standard of care is to see long term patients a minimum of every three months. Since active psychiatric conditions require monitoring as they evolve, if you miss appointments or fail to schedule resulting in you not receiving treatment by me in 6 months, your file will be formally closed and your provider at Regional Psychiatry will no longer be your psychiatrist of record. If you wish to return as a new patient, a new initial intake appointment would have to be scheduled.

Hours of Operation:

Standard hours are Monday-Friday 9am-5pm. Some evening and weekend availability may be available on request.

Our Office will be closed on the following holidays: 4th of July, Labor Day, Columbus Day, Veterans Day, Thanksgiving, Christmas Day, New Years Day, Martin Luther King Jr. Day, Presidents Day, Easter Monday. If any of these holidays falls on a weekend, our office will be closed on the subsequent Monday.

Patient Records

You may request copies of your medical records at your own discretion and ask that factual errors be corrected. Depending on the amount of records requested, a nominal service fee can be applied. Parts of your record that could potentially be more detrimental than helpful to your psychological well-

being may be withheld. You may also authorize in writing that copies of your records be released to entities you designate.

All charts and records are generated and stored using the electronic medical record platform Luminello. Patient will be sent via email a link to generate a portal account to Luminello where you will be able to access your account and receive notifications from our clinic.

Requesting Written Letters / Paperwork

For simple letters stating you are currently in treatment with your provider and / or was present at our clinic on a particular date will be provided at no cost. For detailed letters such as Disability claims , FMLA , work / school accommodations, Clearance for medical procedures, military clearance, or any letter that will require a blocked period of time during work hours will come with a fee ranging between \$75.00 - \$125.00 depending on length of time needed to complete. This fee is per Letter / paper work package. If additional paper work /forms are required to be filled out (or additional letters needed) at a later time, an additional \$75 - \$125.00 fee will be applied.

Messaging

You can send messages through luminello, or text message to your physician or the administrative team. Messages can be used for non urgent matters such as appointment reminders, medication refill, insurance questions. You should **NOT** use the Luminello messaging software for any **urgent** questions including symptoms of medication side effect, experiencing desire to harm yourself or others, or are in need of an **Immediate** response. Please refer to the Emergency section above for management of urgent issues. Messages will not be read after 5pm on business days, nor will they be read on weekends. We will try our best to response to messages within 48 ours. Any messages left late on Friday will most likely be processed on Monday morning.

Social Media

In order to maintain HIPAA and confidentiality, it is our practice to refrain from engaging in social media with our clients (such as facebook, twitter, Instagram).

Weapons

To ensure a safe and productive treatment setting, Dr. Andrew Pleener's office prohibits weapons of any kind, with or without a permit to carry, in the office or on office property. Examples include, but are not limited to firearms, edged weapons, and chemical agents. With the exception of on-duty law enforcement officers, anyone found to be in violation of this policy will be asked to leave the premises.

Fees (as of 12/27/2019): Below are some of the typical fees and associated codes (these are subject to change)

Psychiatric Initial Diagnostic Evaluation (Approximately 60 minutes) \$300.00
(CPT code 90792, 99204, or 99205)

Typical follow-up medication management visit (Level 4 or 3 complexity) \$125.00
(CPT code 99214 or 99213 respectively)

Psychotherapy (Approximately 15-30 minutes) - \$75
(CPT code 90833)

Card on File

We require a credit card / debit card be left on file to cover any outstanding balance including cancellation / no show fees, copayments, deductibles. Please refer to our credit card on file authorization form for further details.

Insurance and Payment

We are currently Out of Network. Our fees are as listed above.

We accept cash, check, or credit card.

We Accept Out of Network Providers (Except Medicaid). Payment for out of network is due at time of service. At the end of the session, you will be provided with a superbill containing the CPT diagnostic codes for you to submit yourself, to your insurance for reimbursement. Contact the membership number on the back of your insurance card. An insurance representative will direct you to the area on the insurance website where a reimbursement form can be printed out. You will complete that form, in addition to providing the CPT codes from the superbill. The form will then be submitted to your insurance company by either mail or fax to receive reimbursement.

Late Payments:

If payments are >60 days late without notice to us, accounts may be forwarded to collections. If outstanding balances are not paid and not addressed, treatment information may be released for collection agency involvement. If the undersigned fails to pay for services rendered and collection efforts become necessary, the undersigned agrees to be responsible for all collection costs, court fees and including attorney's fees.

Billing

I automatically bill face-to-face (including virtual) services on the day they are rendered.

Insurance Codes

Below are CPT codes (standard insurance descriptors) that we commonly bill. We are knowledgeable about reimbursements and bill for the highest level that is appropriate; however, variations exist depending on specific insurances. The most common codes are below. If you wish to ask your insurer what they will reimburse for, they may wish to know our Tax Identification Number (84-1951129) and NPI (1255979449). A common “diagnosis” code used is unspecified episodic mood disorder (F39), attention deficit hyperactivity disorder (F90.9) or anxiety disorder unspecified (F41.9). That information should be sufficient for your insurance to advise you.

Most commonly used codes

90792 , 99204, 99205 (Initial Diagnostic Evaluations), 99213, 99214, (follow up med management office visit L3-L5 complexity) with or without 90833 (Psychotherapy with L3-L5 visit).

I have read the above practice policies and have had the opportunity to have my questions answered. I understand that policies and fees change over time and that I will be updated regarding any major adjustments. I have read and acknowledge receipt of Regional Psychiatry’s notice of privacy practices (can be found at www.RegionalPsychiatry.com) and have had my questions answered. I consent to evaluation and treatment by a Regional Psychiatry provider and agree to be responsible financially for services rendered.

Your Information. Your Rights. Our Responsibilities.

This notice describes how medical information about you may be used and disclosed and how you can get access to this information.

Please review it carefully.

Your Rights

When it comes to your health information, you have certain rights. This section explains your rights and some of our responsibilities to help you.

Get an electronic or paper copy of your medical record

- You can ask to see or get an electronic or paper copy of your medical record and other health information we have about you. Ask us how to do this.
- We will provide a copy or a summary of your health information, usually within 30 days of your request. We may charge a reasonable, cost-based fee.

Ask us to correct your medical record

- You can ask us to correct health information about you that you think is incorrect or incomplete. Ask us how to do this.
- We may say “no” to your request, but we’ll tell you why in writing within 60 days.

Request confidential communications

- You can ask us to contact you in a specific way (for example, home or office phone) or to send mail to a different address.
- We will say “yes” to all reasonable requests.

continued on next page

Your Rights *continued*

Ask us to limit what we use or share

- You can ask us **not** to use or share certain health information for treatment, payment, or our operations.
 - We are not required to agree to your request, and we may say “no” if it would affect your care.
- If you pay for a service or health care item out-of-pocket in full, you can ask us not to share that information for the purpose of payment or our operations with your health insurer.
 - We will say “yes” unless a law requires us to share that information.

Get a list of those with whom we’ve shared information

- You can ask for a list (accounting) of the times we’ve shared your health information for six years prior to the date you ask, who we shared it with, and why.
- We will include all the disclosures except for those about treatment, payment, and health care operations, and certain other disclosures (such as any you asked us to make). We’ll provide one accounting a year for free but will charge a reasonable, cost-based fee if you ask for another one within 12 months.

Get a copy of this privacy notice

- You can ask for a paper copy of this notice at any time, even if you have agreed to receive the notice electronically. We will provide you with a paper copy promptly.

Choose someone to act for you

- If you have given someone medical power of attorney or if someone is your legal guardian, that person can exercise your rights and make choices about your health information.
- We will make sure the person has this authority and can act for you before we take any action.

File a complaint if you feel your rights are violated

- You can complain if you feel we have violated your rights by contacting us using the information on page 1.
- You can file a complaint with the U.S. Department of Health and Human Services Office for Civil Rights by sending a letter to 200 Independence Avenue, S.W., Washington, D.C. 20201, calling 1-877-696-6775, or visiting **www.hhs.gov/ocr/privacy/hipaa/complaints/**.
- We will not retaliate against you for filing a complaint.

Your Choices

For certain health information, you can tell us your choices about what we share. If you have a clear preference for how we share your information in the situations described below, talk to us. Tell us what you want us to do, and we will follow your instructions.

In these cases, you have both the right and choice to tell us to:

- Share information with your family, close friends, or others involved in your care
- Share information in a disaster relief situation
- Include your information in a hospital directory
- Contact you for fundraising efforts

If you are not able to tell us your preference, for example if you are unconscious, we may go ahead and share your information if we believe it is in your best interest. We may also share your information when needed to lessen a serious and imminent threat to health or safety.

In these cases we never share your information unless you give us written permission:

- Marketing purposes
- Sale of your information
- Most sharing of psychotherapy notes

In the case of fundraising:

- We may contact you for fundraising efforts, but you can tell us not to contact you again.

Our Uses and Disclosures

How do we typically use or share your health information? We typically use or share your health information in the following ways.

Treat you

- We can use your health information and share it with other professionals who are treating you.

Example: A doctor treating you for an injury asks another doctor about your overall health condition.

Run our organization

- We can use and share your health information to run our practice, improve your care, and contact you when necessary.

Example: We use health information about you to manage your treatment and services.

Bill for your services

- We can use and share your health information to bill and get payment from health plans or other entities.

Example: We give information about you to your health insurance plan so it will pay for your services.

continued on next page

How else can we use or share your health information? We are allowed or required to share your information in other ways – usually in ways that contribute to the public good, such as public health and research. We have to meet many conditions in the law before we can share your information for these purposes. For more information see: www.hhs.gov/ocr/privacy/hipaa/understanding/consumers/index.html.

Help with public health and safety issues

- We can share health information about you for certain situations such as:
 - Preventing disease
 - Helping with product recalls
 - Reporting adverse reactions to medications
 - Reporting suspected abuse, neglect, or domestic violence
 - Preventing or reducing a serious threat to anyone’s health or safety

Do research

- We can use or share your information for health research.

Comply with the law

- We will share information about you if state or federal laws require it, including with the Department of Health and Human Services if it wants to see that we’re complying with federal privacy law.

Respond to organ and tissue donation requests

- We can share health information about you with organ procurement organizations.

Work with a medical examiner or funeral director

- We can share health information with a coroner, medical examiner, or funeral director when an individual dies.

Address workers’ compensation, law enforcement, and other government requests

- We can use or share health information about you:
 - For workers’ compensation claims
 - For law enforcement purposes or with a law enforcement official
 - With health oversight agencies for activities authorized by law
 - For special government functions such as military, national security, and presidential protective services

Respond to lawsuits and legal actions

- We can share health information about you in response to a court or administrative order, or in response to a subpoena.

**We do not create or manage a hospital directory*

Our Responsibilities

- We are required by law to maintain the privacy and security of your protected health information.
- We will let you know promptly if a breach occurs that may have compromised the privacy or security of your information.
- We must follow the duties and privacy practices described in this notice and give you a copy of it.
- We will not use or share your information other than as described here unless you tell us we can in writing. If you tell us we can, you may change your mind at any time. Let us know in writing if you change your mind.
